Microsoft Office and Jasperactive now available together for students worldwide through CCI Learning and Kivuto partnership

FOR IMMEDIATE RELEASE

LANGLEY, BC – April 20, 2017 – CCI Learning and Kivuto have partnered to bring Microsoft Office and Office certification training together in one place. Kivuto's trusted cloud-based Digital Resource Portal (DRP) will deliver Microsoft Office applications and Jasperactive, to millions of students from over 60,000 academic institutions across 195 countries worldwide.

Microsoft Office proficiency is listed among the top five skills required for jobs today[1]. Jasperactive is a Microsoft Office learning platform that prepares students to obtain globally recognized Microsoft Office certifications, preparing them for college, and opening more career opportunities.

"Students all over the world will now have the opportunity to access Microsoft Office skills through Jasperactive at a huge discount", says Malcolm Knox, President and CEO of CCI Learning. "This partnership is exciting because we are placing Jasperactive where students go to access Microsoft Office, but we are also thrilled to build a deeper partnership with the amazing people at Kivuto."

Founded on CCI Learning's award-winning content, Jasperactive is the world's first kinesthetic Microsoft Office learning and validation system mapped to the Microsoft Office Specialist certification objectives. Jasperactive instantly measures a student's understanding of Microsoft Office and prescribes a personalized course to each student. Jasperactive is a hands-on, live in-application learning experience. With Jasperactive, students acquire validated Microsoft Office skills required for jobs today.

Kivuto's DRP platform is the most flexible, secure, scalable and customizable digital distribution and management system in the market. The DRP platform includes academic end user verification, license management, e-commerce, secure distribution of digital resources, reporting and more in a cloud-based environment that is branded to the academic institution. It ensures all verified academic users have 24/7 access to digital resources anywhere in the world, on demand and provides a license and management system module specifically designed for academic institutions.

"Employers list proficiency with Microsoft Office as one of their top required skillsets when looking at hiring", says Ryan Peatt, Vice President of Sales and Marketing at Kivuto. "We are
